Work experience

11/2023 - present
Greifswald, Germany

GIS and Remote Sensing Analyst
Institute of Geography and Geology, University of Greifswald

- Analyzed spatial data with Python (GeoPandas, NumPy, GDAL, Rasterio, etc.), and R (sf, terra, lidR, rgdal, etc.)
- Performed drone-based data acquisition (spectral, RGB, and LiDAR data)
- Processed drone-based data with Agisoft Metashape, DJI Terra
- Developed WebGIS applications using HTML, CSS, and JavaScript (Leaflet)

01/2021 - 08/2023
Eberswalde, Germany

GIS and Remote Sensing Technician *(TRANSECT,* Virtual Forests *project)*
Centre for Econics and Ecosystem Management, Eberswalde University

- Implemented Random Forest algorithm using Python with Landsat 8, Sentinel 1, and Sentinel 2 data. Achieved 91% classification overall accuracy of crop type classification in central Asia
- Collected and digitized on-screen training and validation data for landcover classification using QGIS
- Interpreted multi-temporal remote sensing metrics e.g., NDVI, NRPB, VV, VH
- Produced maps, figures, and tables using R and QGIS
- Analyzed statistics with R (dplyr, ggplot2)

10/2021 - 05/2023
Eberswalde, Germany

Intern in
Forest inventory based on ALS point cloud on large-scale levels *(WINMOL project)*
Thünen Institute

- Developed methods to derive individual tree attributes (coordinate, tree height, diameter at breast height (DBH), crown base height, crown area) from ALS point clouds using R (lidR, rLiDAR, TreeLS, etc.), achieving 78% tree detection rate
- Evaluated statistical models for tree attributes using R, attaining 0.86 R^2 for tree height estimates, and 0.74 R^2 for DBH estimates

Education

10/2020 - 06/2023
Eberswalde, Germany

M.Sc. in Forest Information Technology
Eberswalde University for Sustainable Development

- GPA: 1.0 (German grade)

09/2015 - 06/2019 Hanoi, Vietnam	**B.Sc.** in Soil Science Vietnam National University

Professional training

2024	***Structure-from-Motion photogrammetry,*** The University Centre in Svalbard
2024	***EnMAP data access and image preprocessing techniques***, EO College
2024	***Introduction to Hyperspectral Remote Sensing***, EO College
2023	***Automating GIS Processes,*** University of Helsinki
2023	***Geo-Python,*** University of Helsinki
2023	***Elements of AI,*** University of Helsinki
2021	***Getting started with Python,*** University of Michigan
2021	***Using Python to Access Web Data***, University of Michigan
2021	***Python Data Structures***, University of Michigan
2021	***Introduction to R,*** DataCamp
2020	***Sustainable Forest Management and Bio-Economy*** Summer school with 5 courses at the University of Valladolid, Spain Aboveground Biomass Assessment | GIS, Remote Sensing and Photogrammetry | Forest Inventory | Agroforestry Landscape | Sustainable Forest Management

Skills and License

GIS	QGIS, ArcGIS
Programming	R, Python
WebGIS	HTML, CSS, JavaScript (Leaflet)
Photogrammetry	Agisoft Metashape
Digital skills	Microsoft Office, Git, GitHub, Data Management
License	EU Drone License A1-A3

Other skills

Languages	Vietnamese (Native), English (C1), German (B1)

January 2025

Viet Nguyen
